

Fire Protection Recycling

Quality Policy Statement

Fire Protection Recycling Ltd was founded in 2010 to provide an efficient and competitive solution for the needs of our clients regarding the recycling of fire extinguishers, alarm equipment and emergency lighting equipment.

The management is committed to:

1. Develop and improve the Quality Management System.
2. Continually improve the effectiveness of the Quality Management System.
3. The enhancement of customer satisfaction.

The management has a continuing commitment to:

1. Ensure that customer needs and expectations are determined and fulfilled with the aim of achieving customer satisfaction.
2. Communicate throughout the company the importance of meeting customer needs and legal requirements.
3. Establish the Quality Policy and its objectives.
4. Conduct Management Reviews of the effectiveness of the implementation of the Quality Management System.
5. Ensure the availability of resources.

This will be achieved through the active participation of all employees in the implementation, maintenance and continuous improvement of the quality management system, which complies with recognised quality system standard ISO 9001:2015 and sector specific schemes together with associated Statutory and Regulatory requirements.
